The Embassy of the Republic of South Africa presents its compliments to the Consular Department of Ministry of Foreign Affairs of the Socialist Republic of Vietnam and has the honour to inform Ministry of Foreign affairs about sample of officially recognised South African Digital COVID-19 Vaccination Certificate Cards as attached.

The next version of the Digital Vaccination Certificate will be released at the end of November 2021, wherein the Public and Private Key infrastructure linked to the digital Cryptographic Signature of the QR code will be made available. This will allow to verify the authenticity and validity of the Vaccination Certificate of South Africa.

Relevant authorities in Vietnam are requested to recognise the Digital Vaccination Certificate as well as the Vaccination Card, together with the SMS that was sent to individuals post vaccination and which includes their Vaccination Code as proof of vaccination for purposes of International travel.

The Embassy of the Republic of South Africa avails itself of this opportunity to renew to the Consular Department Ministry of Foreign Affairs of the Socialist Republic of Vietnam the assurances of its highest consideration.

*Congratulations, you have successfully downloaded your Vaccination Certificate Version 1.

The design of the Vaccination Certificate will be enhanced to ensure that it remains up-to-date with local and international standards. You will therefore have to download your updated vaccination certificate to ensure that it remains up-to-date. The Department of Health will advise on the availability of newer versions of Covid-19 vaccination certificates as they become available.

*The QR Code generated is not intended to be readable by the general public, it is meant to be used by entities requiring to verify the certificate's validity, using a Vaccine Certificate System inbuilt QR scanner which will be available in the near future.
